HARDING HAS DEFINATE LEAGUE PLAN

PROMINENT PERSONS OF EUROPE IN FULL CO-OPERATION ON PLAN

MASTER MIND OF ELIHU ROOT APPARENTLY FATHER OF SAFE PLAN TO HOLD NATIONS IN LEASH

WILL BE HARDING ANSWER TO COX

MARION, Ohio, Aug. 21.—Behind the scenes leaders of the Republican party are aided in their plans for a court of international peace by prominent figures of European governments who are said to be working in full co-operation on the plan.

Elihu Root, representing the United States abroad on the world court project, is expected to return soon with outlines of the entire plan.

This will be Harding's answer to the Democratic charges that he favors staying out of the League of Nations. Harding and his advisors in this movement are planning to take full account of the desire of the American voters for some means of international co-operation which will lessen the danger of war.

32 SEAMEN MISSING COX LOOSENS HIS IN LAKE COLLISION ORATORY ON SENATE

CLEVELAND, Aug. 21.—Thirty-two members of the crew of 57 of the "Superior City," which sank off Sault Ste. Marie last night in a collision with the steamer "Willard King," were missing today according to a statement issued here at noon today by the Pittsburgh Steamship Company, owners of the steamer. Five members of the crew were known to have been saved, the statement said. The collision occurred in a fog. The "Superior City" sank in two minutes. The "Willard King" was not badly damaged.

CLOSING STOCKS

NEW YORK, Aug. 21.—Closing prices on the stock exchange today were: American Locomotive 95½, Baldwin Locomotive 106½, Bethlehem Steel 74½, Crucible Steel 135½, General Motors 22, General Electric 112, St. Clair Oil 21, Southern Pacific 92½, United States Steel 88½, U. S. Steel preferred 106½.

RIOTS IN WESTPHALIA

AMSTERDAM, Aug. 21.—Communist rioting is spreading throughout Westphalia according to advice received here today. A Soviet republic was proclaimed in Vöhrdt yesterday. A general rebellion of the miners is feared. Westphalia is a district in northwest Germany containing many and large industries. Vöhrdt is in Düsseldorf, 5 miles south of Bonn.

RENEW SEARCH IN NEW YORK CITY FOR LOST BABE

NEW YORK, Aug. 21.—Police today were conducting a search for the baby who was kidnapped from a park in New York City two months ago. Information from 1911 police detective, who stated that the child might be in New York City. Attorneys for the Congdon family, who have been a constant object of attack by bank account and other property of August Congdon, a woman Congdon paid \$1,000 of a promise of returning the child.

Mrs. W. L. O'Connell, of Glen Ridge, and Mrs. E. A. Miller, of Washington, D. C., are the guests of Mr. O'Connell at the O'Connell home.

ORVILLE, O., Aug. 21.—The aim of the Republican "Senate oligarchy" is to turn the Senate and the President into a "single unit of government," Governor James M. Cox, Democratic presidential candidate, declared here today in an address before a Democratic meeting. His speech is in reply to a recent address by Harding in which he praised and defended the Senate.

Cox made it plain that his address was directed at the Senate Republican leader, and not the Senate as an institution of the government. For the fourth time in a week Cox attacked the campaign funds of the Republicans, referring to the "unblinking continuance of gathering together of millions of dollars for campaign purposes."

TALCUM POWDER WINNER IN BATTLE WITH FLAMES

Talcum Powder, a leading requisite for vanity cases, was recently used in putting out a fire which otherwise would have burned down a coal tar products plant in Cincinnati. The blaze, which had caught a huge tank of naphthalene, was smothered by dumping upon it fifty-pound sacks of the well-known complexion aid.

In a yard near the burning plant were tanks containing 300,000 gallons of oil, but as the fire was checked they were not touched by the flames, according to an account in the current number of the Journal of Industrial and Engineering Chemistry. That is the first time a cosmetic has been applied with puffs to the bright face of danger.

BIRTH RATE IN U. S. DROPS ONE-THIRD DUE TO LACK OF HOUSING

WASHINGTON, Aug. 18.—Demand for baby carriages has fallen off 50 per cent. in the last six months. This information came from the United States Chamber of Commerce.

The reasons given by the manufacturers are that the birth rate decreased 35 per cent. last year; housing conditions are poor and domestic help is hard to obtain.

The Bureau of Vital Statistics, while admitting a decrease in the birth rate, says this decrease will not reach 35 per cent.

Mrs. M. L. Mason and Miss Pearl McFarland will leave tomorrow morning for Johnston, where they will spend their vacation.

Alex Brown is spending the week end with his parents in Jersey Shore.

GENERAL WRANGEL MEETING SUCCESS IN ALL HIS ENDEAVORS

WARSAW, Aug. 21.—The Polish army continuing its offensive has retaken nearly 10,000 square miles of territory from the Bolsheviks, it was officially announced today.

WASHINGTON, Aug. 21.—The Bolshevik fortifications in south Russia at the entrance to the Dnieper River have been destroyed by the forces of General Wrangel, the State Department was advised today.

PARIS, Aug. 21.—The Poles have taken 1500 Bolshevik prisoners up until Tuesday, the French foreign office announced today. Yesterday they took an additional 500 in occupying Glinany. Fierce fighting was reported along the Bug River near Brest-Litovsk.

MOSCOW, Aug. 21.—Fighting is progressing less than 20 miles from Warsaw, the Russian official communiqué said today. The statement indicated that the Polish capital was still threatened on the east, north and northwest.

AUTOS KILL 1 PERSON EVERY 35 MINUTE

ATLANTIC CITY, N. J., Aug. 18.—A person is killed by an automobile every thirty-five minutes and the menace is constantly increasing according to the executive committee of the National Safety Council in convention here.

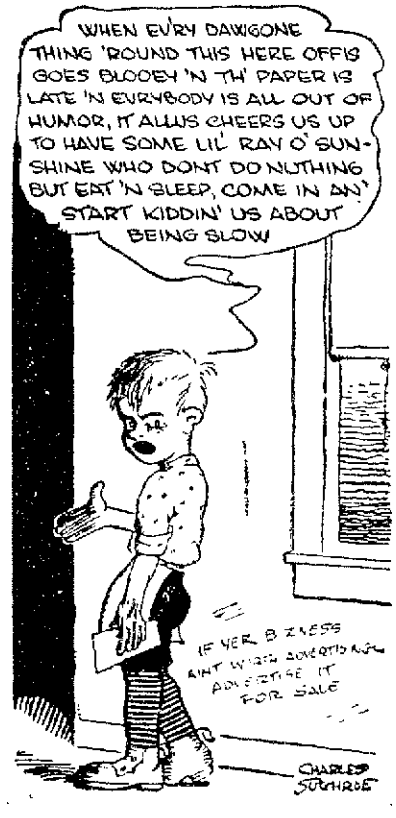

S. J. Williams, secretary of Chicago reported that in this country three times as many persons are killed by motor accidents as in all the factories, mines and railroads and other industries. Reports from England show that airplanes there carried 75,000 persons during the past year with very few accidents and but one fatality.

It is estimated there will be 10,000,000 automobiles in this country by the end of 1920.

COURT NOTES

A. M. Liveright, Esq., began ejectment proceedings yesterday on behalf of Henry B. Swoope who claims ownership of a 150-acre tract of coal land in Decatur township, now in the possession of and being operated by Geo. Voyzey, James Twist, H. B. Scott and Rem. Danmore.

MICKIE SAYS:

PUBLIC HEALTH NURSE PLAN GIVEN BOOST

Enthusiastic Meeting Held Yesterday at Which All Sections Were Represented

WOULD BE VERY BENEFICIAL

At the request and by direction of State Commissioner of Health Martin a meeting was held at The Dime-Lincoln Hotel yesterday afternoon for the purpose of stimulating and strengthening the movement for a county public health nursing service or Clearfield county. Ever since the first of the year the matter of a public health nursing service for our county has been occupying the attention of County Medical Director Dr. John W. Gordon, the different organizations of women throughout the county, the local chapter of the American Red Cross, school authorities, ministers and business men of the county.

The importance of such service and its absolute necessity was brought home to our people following the experiences incident to the physical examination of young men for service during the war. It was found then that the rural community was suffering from a lack of intelligent public health regulation and attention and it is to remedy such condition that this public health nursing service has been launched throughout the county.

The plans for Clearfield county have been worked out under the careful direction of Dr. Gordon and Mrs. George B. Reed of Clearfield, with their assistants throughout the county and yesterday's meeting was called for the purpose of giving the movement the proper start or introduction.

Dr. Miller, of the State Health Department, was expected to be present, but unfortunately was unable to come. Dr. Gordon opened the meeting and after a brief introductory talk announced that Miss Wentzel would explain the service to the gathering. Miss Wentzel's very capable explanation, in part, will appear in Monday's Progress.

It is the purpose to start off in Clearfield county with three nurses. The nurses will be located at Clearfield, Mahaffey and Houtzdale, those places being the central points of the respective sub-divisions.

The following persons were present:

Minnie M. Caldwell, Burnside; Mrs. A. H. Woodward, Clearfield; Mary A. Swoope, Curwensville; Mrs. W. C. Browne, Burnside; Mrs. Richard Gilbert, Clearfield; Helene A. Hurley, Clearfield; Susan M. Dunmore, DuBois; Mrs. R. H. Sommerville, Winburne; Amelia Kolbe, Clearfield; Mrs. John Martin, Clearfield; Miss LaRue Chapman, Clearfield; Rebecca Sunderland, McGees Mills; Mary A. Rothrock, Clearfield; May Witherson, Clearfield, Pa.; Miss Wentzel; Mrs. R. H. Mawhinney; Mrs. G. R. Bigler; Charles T. Kurtz; Frederick E. Kerr; H. S. Whitman, Jr.; J. D. Connelly; A. P. Bigler; W. NASHVILLE, TENN., Aug. 21.—When the lower House of Legislature met today no business could be conducted because there was no quorum present. The attempt to change the time of the session to noon failed because the quorum was not present.

ANOTHER TIE GAME PLAYED YESTERDAY

So Mt. Union and Clearfield Must Battle Again To Decide Which is Best Team

LOCALS PLAYED IN FINE FORM

"He who fights and runs away may live to fight another day," thus soliloquized both Managers Cassidy and Lytle at the end of the ninth inning of yesterday afternoon's game. Mt. Union couldn't lick us and darned if we could lick the brick slingers.

The entente cordiale having been restored between our ball tossers and the representatives of Huntingdon county's brick town the two teams came together at the park with blood in their eyes and put up a royal battle until the last man for our side was retired in the ninth with every base occupied by an anxious runner and the score tied at 3 each. The game was called to allow Mt. Union to catch the 6:28 P. R. E. train for home.

Alexander pitched for the home team and twirled a fine game. Up to the sixth inning he had yielded but two hits, Captain Adams securing them both. In the sixth Fox was out Martin to Yates. Myers singled. Shuttleworth walked and was caught between first and second and run down. Adams poled a slashing single into right and Myers and Dougherty scored.

In the eighth Alex walked Fox. Myers' bunt was neatly fielded by Yates, but Shuttleworth singled and Fox scored.

Howard was almost equally effective for the visitors. Clearfield scored two in the third. Alex went to first on a missed third strike and hits by Strauss and Martin showed two runs over.

In the sixth Howard walked Yapp and successive singles by Hicks and Robinson scored him.

That ended the scoring for our side, although we filled the bases in the ninth, but were unable to put the winning run over.

Our old friend Dick Lantz saved the game in the ninth on a circus catch of a Texas leaguer into right field, his second catch of the kind at a critical point in the game. Dick made a desperate try for the ball and when he did get it fell down and rolled over but came up with the ball in his fist.

CHICAGO, Aug. 21.—Eleven cent sugar for New Year's was the prediction today of R. J. Pool, secretary of the City Council's High Cost of Living Committee. He advised housewives not to purchase any more sugar than they need as the price would soon dwindle.

WILL ATTEND PUNXSAY FAIR ON THURSDAY

Plans are being made whereby next Thursday is to be made Clearfield Day at the Punxsy Fair. It is the idea of the promoters of the day that everyone who is going to attend the Punxsy Fair plan to attend on Thursday. It is also intended to get as many of the various superintendents of departments of the Clearfield Fair to attend and in seeing how the other fellow does it, gather some ideas for the betterment of the local agricultural fair.

The Clearfield delegation is asked to get in touch with some of the executive committee of our fair so that they may be furnished with some little insignia showing that they come from Clearfield.

BASEBALL SCHEDULE FOR NEXT WEEK

Baseball with a vengeance will be the program of the C. C. A. A. next week, the schedule being complete and every day full. Today the local team plays at Huntingdon. Following is the schedule for next week:

Monday: At home. Sterling here. The Sterling team has been wiping up everything in its territory this year and have for some time insisted on having a try at the "big fellows."

Tuesday: At Philipburg.
Wednesday: Brookville here.
Thursday: Kane here.
Friday: Philipburg here.
Saturday: At Brookville.

Miller & Hartwick asked for an injunction on behalf of the United Traction Street Railway Company of DuBois against the State Highway Department restraining the department from removing the company's trolley poles from along the new State road in Sandy township. A rule to show cause was granted returnable Aug. 27th.

Mrs. W. E. Phillips entertained the Inter-Sew Sewing Club at her home on Fourth street Thursday afternoon in the form of a porch party. The porch was artistically decorated with flowers and Japanese lanterns. Mrs. W. E. Smith of Altoona who has been the house guest of Mrs. Phillips for the past week was the guest of honor. An excellent lunch was served.

Mrs. William Marden, who was called away by the sudden death of her sister, Mrs. Husted, of Spangler, returned home Thursday. Mrs. Husted was taken very ill and was rushed to the hospital, where an operation was necessary, but in a few hours death came. Mrs. Marden had just returned after spending three weeks visit with them, leaving her apparently in good health when she received the news three days later.

CONDITIONS AT HOSPITAL NOT AT ALL RIGHT

Survey Indicates They Must Be Corrected In Order To Take Care Of People

NOT NEARLY LARGE ENOUGH

Young nurses sleeping three in a small room!

Wards literally packed with the sick, the mangled, and the crippled, comparatively no space intervening between cots!

Even ill-suited basement floors improvised as wards in effort to relieve crowded conditions!

Authorities often obliged to refuse admittance to applicants dangerously ill or wounded! Waiting lists growing rather than diminishing!

These are but a few of the actual conditions today in the Clearfield Hospital which handles not less than 60 per cent. of all hospital work in Clearfield county. Such conditions have existed for months, but have steadily been growing worse. Accordingly, announcement was made today (August 21) of a campaign for \$200,000 in behalf of the hospital, launched by public-spirited citizens of Clearfield and fostered by prominent residents throughout the county.

The fund is to be for maintenance, endowment and building purposes "in order that the health of men, women and children in Clearfield county may no longer face the menace of inadequate hospital service."

Leaders in all walks of life, including many of the most influential business, industrial, professional and financial forces of the city and county, are backing the campaign, and already have promised their hearty co-operation in pushing it to a successful conclusion. The campaign executives hope to enlist the co-operation of the more prominent editors and newspapermen of the county in bringing the present condition and needs of the hospital to the attention of the public.

Henry Boardman Powell, president of the County National Bank, of Clearfield and president of the hospital, who was district chairman of the Liberty Loan campaign, has been selected as general chairman of the Hospital Campaign.

A campaign executive committee of 15 has been appointed as follows:

From Clearfield
A. Wright Bigler, manager Clearfield Culleries Company, and of Potter, Bigler & Potter, who headed the district draft board; chairman.

George R. Bigler, attorney, President Clearfield Brick Manufacturing Company, Vice President Clearfield Trust Company, and Treasurer of the Hospital; treasurer.

Harry Boulton, of Reed, Boulton & Forsyth, attorneys.

John C. Forsythe, of Reed, Boulton & Forsythe.

Colonel Frederick B. Kerr, General Manager Potts Run Coal Company.

SUNDAY SCHOOL LESSON

LESSON FOR AUGUST 22

DAVID'S PRAYER FOR PARDON.

LESSON TEXT—Ps. 51:1-17.
GOLDEN TEXT—Wash me thoroughly from mine iniquity, and cleanse me from my sin.—Ps. 51:2.
ADDITIONAL MATERIAL—II Sam. 11, 12.
PRIMARY TOPIC—Asking God to Forgive Us.
JUNIOR TOPIC—How David Obtained Forgiveness.
INTERMEDIATE AND SENIOR TOPIC—What to Do When We Have Done Wrong.
YOUNG PEOPLE AND ADULT TOPIC—Penitential Prayer in Christian Experience.

There can scarcely be any doubt but what the sin here meant is that which we studied last Sunday, namely, adultery and murder (See II Sam. 11 and 12). About a year had elapsed from the time of David's sin to his repentance. The Thirty-second Psalm richly pictures David's state of soul during this time. It was a year of great soul anguish; day and night he was tormented by a guilty conscience. In this psalm we see the path by which a guilty soul may return to God.

I. David's Cry for Pardon (vv. 1, 2).
 It is well to note his conception of God. He saw him as a God of mercy and loving kindness.

1. "Have mercy" (v. 1). He knew that justice would forever separate him from God. Because he saw the mercy and loving kindness of God, he did not sink down under his weight of guilt and despair. Because Jesus Christ did not see God as a God of mercy he went out and hanged himself.

2. "Blot out my transgressions" (v. 1). He was fully conscious how many had been his acts of rebellion against God.

3. "Wash me from my iniquity" (v. 2). He knew that it was not enough to have God blot out his sin, for his very person was defiled. He knew that in order to be clean he must be washed thoroughly, and that by God himself.

4. "Cleanse me from my sin" (v. 2). He was not clear that washing would make him clean, so he pleads with God to make him clean by whatever process is needed. He was even willing for fire to be applied, just so he could be clean.

II. David's Confession (vv. 3, 4).
1. "I acknowledge my transgressions" (v. 3). He now makes a clean breast of them—he would hold back nothing. There is no way to peace with God but by a full confession of sin. No half-hearted dealing with sin will avail.

2. "Against thee have I done this evil" (v. 4). All sin is vitally and really against God. All our wrong-doing with our fellows is against God, for such deeds violate his laws. To lighten all this guilt he remembers that it was done in God's sight thus showing disrespect and contempt for him.

3. "Behold, I was shapen in iniquity" (v. 5). He confesses not only to these acts of sin but that he is by very nature a sinner.

III. David's Cry for Deliverance (vv. 6, 7).

1. "Make me to know wisdom" (v. 6). He asked God that instead of heart wickedness he might be taught by God himself in his inmost nature.

2. "Purge me with hyssop" (v. 7). David seems to see that in order to be cleansed there is need of applying atoning blood. His prayer soars aloft on the wings of faith to the supreme sin offering, Christ.

3. Restoration (v. 8, 9). He not only wants pardon, but restoration to the divine favor in Jesus Christ.

IV. David's Cry for Purity of Heart (v. 10, 12).

He realized that if his life was to be different, God must dispose his heart toward the right, so he cried for the Holy Spirit to not be taken away from him.

V. David's Vows (vv. 13, 17).

1. To tell God's mercies to others (v. 13). The one who has experienced God's forgiveness at once desires to tell it to others.

2. To sing aloud of God's righteousness (v. 14). He saw that the application of God's mercy and loving kindness was on the ground of righteousness and justice. He had vowed to preach, now he vows to sing.

3. To show forth God's praise (v. 15). When the Lord opens a man's lips, then his lips shall sing his praises.

4. The reason assigned (vv. 16, 17). It is because the sinner has seen the supreme sacrifice, Christ, and with a contrite heart presents the merits of Christ Jesus, God's remedy for sin.

Mission of Every Christian.

The nearer we approach to God in our spiritual life and fellowship, the larger our sympathies for humanity, and the more universal our ministry in the world. The mission of Christ is the mission of every Christian. He came and lived and died to save the world. The disciple is not better than his Master.—Anon.

QUALIFICATIONS FOR WOMEN TO VOTE

The County Commissioners of Clearfield County have issued the following instructions as to the methods to be employed for the assessment and registration of women in order to enable them to vote at the General Election on November 2nd, 1920.

As the payment of a county tax is absolutely necessary as a qualification for voting and there remains but a few days in which to make the assessment so taxes may be levied and placed in the hands of the Collectors of the county, it will be necessary that women who intend to vote should follow the instructions contained in this article.

The Election Laws of the State of Pennsylvania require that persons desiring to vote must have been residents of the State for one year prior to the date of the election (persons moving into Pennsylvania from another state after November 2nd, 1919 cannot qualify for this election except those who have been former citizens of Pennsylvania.) The Law requires that all persons must be assessed at least two months before election. This step is made necessary in order that persons so assessed may have time to pay their taxes at least one month before election. The regular assessment for this year has already been made so that the County Commissioners cannot make a re-assessment.

IN TOWNSHIPS AND BOROUGHES THE ASSESSORS WILL SIT AT THEIR RESPECTIVE POLLING PLACES TWO DAYS—AUGUST 31st AND SEPTEMBER 1st—IN ORDER THAT WOMEN MAY APPEAR IN PERSON AND BE ASSESSED.

In order that a uniform valuation may be levied throughout the County the County Commissioners have instructed the Assessors to rate the occupation of all women at \$50.00, which, under the present millage will aggregate fifty-three (\$.53) cents. Immediately after September 1st the Assessors will make their returns to the County Commissioners who will in turn certify and forward the same to the Tax Collector. The tax of fifty-three cents must be paid, for which the woman registrant will receive a tax receipt which should be presented to the Judge of Election on November 2nd when she appears to vote.

In cities of the third class the law requires personal registration. (This paragraph applies to DuBois city only). There are three days set apart for this purpose, viz: September 2nd, September 14th and October 2nd. On one of these three days it will be necessary for the intending voter to visit the polling place in the precinct in which the voter resides and register, at which time he or she shall present his or her tax receipt.

In the Boroughs and Townships two days are provided by law for registration and assessment, viz: August 31st and September 1st. All persons desiring the privilege of voting on November 2nd must see that they have been properly assessed on the above named dates. This may be done either by appearing in person before the Assessor or by furnishing the Assessor a certificate of enrollment signed by the applicant and witnessed. Blanks for this purpose will be furnished to the Assessors.

Procedure for assessment in DuBois city will be the same as outlined above for boroughs and townships, except that the assessors will sit at the polling places on Thursday and Friday, August 26th and 27th.

ASSESSORS TO SIT AT ELECTION HOUSES

In order that all persons including women, may be properly assessed the County Commissioners have instructed the Assessors in all of the wards and voting precincts in DuBois city to be present at the Election Houses on Thursday and Friday, August 26th and 27th, between the hours of 8:00 A. M. and 12:00 M. and from 2:00 P. M. to 6:00 P. M. for the purpose of assessing all persons subject to taxation intending to vote. The above dates, however, are not the last dates on which to be assessed for voting purposes but in order that sufficient time might be allowed for the transfer and certification, etc., the county commissioners have fixed the dates above mentioned.

THE LAST DAY UPON WHICH AN INTENDING VOTER SHALL BE ASSESSED FOR TAXES WITHIN CLEARFIELD COUNTY IS SEPTEMBER 1st.

QUALIFICATION NECESSARY FOR VOTING

1. Must be 21 years of age and upwards.
2. Must be a citizen of the United States at least one month prior to election.
3. Must have resided in the state one year (or having previously been a qualified elector or native born citizen of the state, and removing therefrom, must have resided in the state at least six months) immediate prior to election.
4. Must have resided in the Election District where he or she offers to vote two months immediately preceding the election
5. If 22 years of age and upwards must have paid within two years a state or county tax which shall have been assessed at least one month before the election.
6. If claiming to vote by reason of naturalization, naturalization papers must be presented to the Judge of Election; and in case of the wife or daughter of a naturalized citizen the naturalization papers of the husband or father must be presented.
7. In cities personal registration is required as a qualification for voting, in addition to the above qualifications. All intending voters desiring to be registered in DuBois City must produce to the Registrar in the Ward or Precinct in which he or she lives a tax receipt showing the payment of State or County Taxes.

Good Building Requires Good Lumber

THE cost of construction today does not permit of anything but the best building materials.

Time only too soon shows the wisdom of preference in grades and qualities.

Lumber products and related building materials that could command attention because of uniform high quality are chosen and stocked in our yards.

To be sure of good building, use good lumber.

Edward had an uncle who owned a grocery and market. On Saturdays it was Edward's delight to go there to help. A neighbor chanced in, and finding Edward there, she thought she would find out how much the little fellow knew about business and said: "Ed, have you chickens today?" The youngster's reply was: "Yes, we have all kinds, alive, dead, dressed and undressed."

Petty Coat.
This was the former spelling of petticoat, which meant the little or short coat worn in other days by men. Henry V. had a "petty coat" of red damask with open sleeves. Afterward the fashion, with skirt variations, was imitated by women, who copied the gown, robe, frock, and blouse, which were all worn in the first place by men.

The first Nebraska woman to be commissioned a notary public was Miss Anna Saunders of Custer county in 1885.

Little Miss Goodlooks says:

Never before did I realize just how charming electrical things look until yesterday. I went into a few of the larger homes in town, where decoration and good looks are very essential in dining room, bed room and kitchen. And my, how beautiful the modern electrical devices harmonized with the handsome furniture! Of course, I've always known electrical things beautified a home. Now I am convinced that every home should be electrified—from attic to cellar.

D. D. Griffith's "The Greatest Thing in Life"

The greatest thing in life, that which is responsible for flowering the earth with children, is love—human love. Love is above the animal instinct, beautifying and enriching it in a thousand ways, one of these being the idealism of womanhood, and the illusions of man. He must have his illusions, or he refuses to love, quits when they are destroyed, while she, the world mother, loves on in spite of losing them. Such is the theme of Griffith's story, and in all truth, we say that never has he done anything greater with the possible exception of "Broken Blossoms." Lillian Gish and Robert Harron head a wonderful cast.

What Is Your Wash-day Problem?

If you have a washday problem, and most women have, we believe we can be of service to you. Do you prefer to have everything washed and ironed? Do you desire to have only the washing "done out" and to do ironing of the lighter pieces yourself? Are curtains or washable rugs difficult to handle? Comforts that need laundering? Have you pillows, blankets or

We can meet your every wash-day need. Here are some of the services we offer:

Finished Family Service — Everything washed, and everything ironed.

Family Laundry Service — Everything washed. The flat pieces, like tablecloths, bed linen, napkins, ironed. Other things starched, ready for you to iron.

Curtains—Washed by our special method, and so dried as to bring back all the original design, size and shape.

Washable Rugs—Laundered by a process that restores their freshness and brightness and natural color.

Blankets and Comforts—Washed and dried in a way that makes them sweet, clean and fluffy.

Pillows—Cleansed and sterilized, so that the feathers again become downy and billowy.

Any or all these services are at your disposal. We will be glad to have you visit us. Or if you prefer, call us up by telephone, give us your address and we will instruct our man to call next time he passes your way.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning. To flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as cold, when it burns, causes rebound, a warm amount of cleansing material in the form of water, so the food and drink taken each day, in the alimentary organs, a certain amount of indigestible material, which if not eliminated, forms toxins and poisons which are then soaked into the blood, to taint the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy blood in your cheeks, to see your skin get clear and clearer, you are told to drink every morning, upon arising, a glass of hot water with a teaspoonful of Chamberlain's Tablets in it, which is a harmless means of washing the intestines and forcing the bowels to move. Women who desire to enjoy the beauty of their complexion should try this for a week and notice results.

What Appealed to Robert.
 His father wasn't anxious to have Robert play with a cotton machine in the neighborhood whose language wasn't always proper, so he said "Robert seems to me that boy always has a dirty face, if I were you I'd play with someone else that is cleaner." To which Robert responded "Why, daddy I don't need to look at his face—but he's got the best legs on the ball team!"

By a King's Decree.
 Up to 1785 handkerchiefs were of every conceivable size and shape. Then one evening Queen Marie Antoinette in a fit of passion or indignation at Versailles said that all handkerchiefs should be uniform if they were to indicate good taste. The result was that Louis XVI issued a decree early in 1785 that all pocket handkerchiefs should have right angle edges. So right angle they are and have been ever since—The American Dumb-broeder.

CURWENSVILLE

It is being quietly talked around that an effort will be made soon to incorporate into the borough limits the Crescent brick yard and considerable territory surrounding it. While this would be a great help to Curwensville borough from the point of taxation and largely increase the school fund, we do not believe for a minute that the citizens of Pike township will acquiesce to the movement and will protest to any change being made, as the school taxes received by the township for the Crescent holdings, as well as largely in keeping the school expenses of the township on a level basis. This subject has been talked of before, but when it was learned that the township residents would fight it tooth and nail it dropped. If there was an equalization of assessed valuation on town properties now within the borough limits, there would be no need to take in any more territory, as the borough limits are too large as it is to the proportion of taxes derived from holdings on the outskirts. If some of the farm land within the borough limits was assessed in proportion to town's want lots, it would have a tendency to lower the present number of mills assessed considerably. High taxation is the greatest main-spring that keeps a town down and out, commercially speaking. Someone has said that "the greater a town's debt the greater its prosperity and influence." We do not conceive that this argument holds good in villages the size of Curwensville.

FARM CALENDAR

Watch for moth in stored wheat. Thrash the grain early to avoid injury in the stack or mow. If grain begins to heat in the bin, fumigate at once with carbon bisulphide. Use one pint of material to 100 bushels of grain.

Grain.—Sweet corn is at its best when rushed from the stalk to the table. At all events, it must not be left to heat in baskets or bags. Keep it cool.

Pasture.—Second growth of meadows may be used for pasture to keep up the milk flow. Do not pasture too closely.

Poultry.—During hot weather, pests of various kinds are often found in the hen-houses. For lice use sodium borate or blue ointment around the affected parts. For mites, paint the roosts and nests with crude oil. Coal oil will answer the purpose and may well be applied every three weeks during the summer and fall months.

Silo.—It is during the hot, dry days of August that the wood silo staves very often dry out and the structure becomes loose and shaky. See that the hoops and guy wires are made tight so as to make the silo firm and rigid and lessen the possibility of its being blown down.

Flies are usually very bad at this time. Young calves and colts should be kept in the barn during the day and out on the pasture at night. A mixture of two parts talc and one part sodium fluoride dusted on the animal is a very good repellent. It should be obtained for about ten cents a pound.

Bad Jones spent yesterday with friends in Kylertown.

Dr. S. J. Waterworth and daughters Margaret and Katherine have returned from a motor trip to Huntingdon.

Paul Lingie spent last evening with friends here.

Ray Rich who has been attending school in Detroit, Mich., has returned to his home.

Mrs. Robert Youngman of Pittsburgh is spending a few days with her mother Mr. E. A. Bigler on South Second street.

Sage Tea Turns Gray Hair Dark

It's Grandmother's recipe to bring color, lustre and youthfulness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

HARDING HAS DEFINATE LEAGUE PLAN

PROMINENT PERSONS OF EUROPE IN FULL CO-OPERATION ON PLAN

MASTER MIND OF ELIHU ROOT APPARENTLY FATHER OF SAFE PLAN TO HOLD NATIONS IN LEASH

WILL BE HARDING ANSWER TO COX

MARION, Ohio, Aug. 21.—Behind the scenes leaders of the Republican party are aided in their plans for a court of international peace by prominent figures of European governments who are said to be working in full co-operation on the plan.

Elihu Root, representing the United States abroad on the world court project, is expected to return soon with outlines of the entire plan.

This will be Harding's answer to the Democratic charges that he favors staying out of the League of Nations. Harding and his advisors in this movement are planning to take full account of the desire of the American voters for some means of international co-operation which will lessen the danger of war.

32 SEAMEN MISSING COX LOOSENS HIS IN LAKE COLLISION ORATORY ON SENATE

CLEVELAND, Aug. 21.—Thirty-two members of the crew of 57 of the "Superior City," which sank off Sault Ste. Marie last night in a collision with the steamer "Willard King," were missing today according to a statement issued here at noon today by the Pittsburgh Steamship Company, owners of the steamer. Five members of the crew were known to have been saved, the statement said. The collision occurred in a fog. The "Superior City" sank in two minutes. The "Willard King" was not badly damaged.

CLOSING STOCKS

NEW YORK, Aug. 21.—Closing prices on the stock exchange today were: American Locomotive 95½, Baldwin Locomotive 106½, Bethlehem Steel 74½, Crucible Steel 135½, General Motor 22, General Electric 112, St. Clair Oil 21, Southern Pacific 92½, United States Steel 88½, U. S. Steel preferred 106½.

RIOTS IN WESTPHALIA

AMSTERDAM, Aug. 21.—Communist rioting is spreading throughout Westphalia according to advice received here today. A Soviet republic was proclaimed in Vöhrdt yesterday. A general rebellion of the miners is feared. Westphalia is a district in northwest Germany containing many and large industries. Vöhrdt is in Düsseldorf, 5 miles south of Essen.

RENEW SEARCH IN NEW YORK CITY FOR LOST BABE

NEW YORK, Aug. 21.—Police today were conducting a search for baby, who was kidnapped from a park home in New York, two months ago. Information from 1911 police detective, who stated that the child might be in New York. Attorneys for the Congdon family, have obtained a court order to attach the bank account and other property of August Congdon to a woman Congdon paid \$1,000 of a promise of returning the child.

Mrs. W. L. O'Connell, of Glen Ridge, and Mrs. E. A. Miller, of Washington, D. C., are the guests of Mr. O'Connell at the home of Mrs. O'Connell.

ORVILLE, O., Aug. 21.—The aim of the Republican "Senate oligarchy" is to turn the Senate and the President into a "single unit of government," Governor James M. Cox, Democratic presidential candidate, declared here today in an address before a Democratic meeting. His speech is in reply to a recent address by Harding in which he praised and defended the Senate.

Cox made it plain that his address was directed at the Senate Republican leader, and not the Senate as an institution of the government. For the fourth time in a week Cox attacked the campaign funds of the Republicans, referring to the "unblinking continuance of gathering together of millions of dollars for campaign purposes."

TALCUM POWDER WINNER IN BATTLE WITH FLAMES

Talcum Powder, a leading requisite for vanity cases, was recently used in putting out a fire which otherwise would have burned down a coal tar products plant in Cincinnati. The blaze, which had caught a huge tank of naphthalene, was smothered by dumping upon it fifty-pound sacks of the well-known complexion aid.

In a yard near the burning plant were tanks containing 300,000 gallons of oil, but as the fire was checked they were not touched by the flames, according to an account in the current number of the Journal of Industrial and Engineering Chemistry. That is the first time a cosmetic has been applied with puffs to the bright face of danger.

BIRTH RATE IN U. S. DROPS ONE-THIRD DUE TO LACK OF HOUSING

WASHINGTON, Aug. 18.—Demand for baby carriages has fallen off 50 per cent. in the last six months. This information came from the United States Chamber of Commerce.

The reasons given by the manufacturers are that the birth rate decreased 35 per cent. last year; housing conditions are poor and domestic help is hard to obtain.

The Bureau of Vital Statistics, while admitting a decrease in the birth rate, says this decrease will not reach 25 per cent.

Mrs. M. L. Mason and Miss Pearl McFarland will leave tomorrow morning for Johnston, where they will spend their vacation.

Alex Brown is spending the week end with his parents in Jersey Shore.

GENERAL WRANGEL MEETING SUCCESS IN ALL HIS ENDEAVORS

WARSAW, Aug. 21.—The Polish army continuing its offensive has retaken nearly 10,000 square miles of territory from the Bolsheviks, it was officially announced today.

WASHINGTON, Aug. 21.—The Bolshevik fortifications in south Russia at the entrance to the Dnieper River have been destroyed by the forces of General Wrangel, the State Department was advised today.

PARIS, Aug. 21.—The Poles have taken 1500 Bolshevik prisoners up until Tuesday, the French foreign office announced today. Yesterday they took an additional 500 in occupying Glinany. Fierce fighting was reported along the Bug River near Brest-Litovsk.

MOSCOW, Aug. 21.—Fighting is progressing less than 20 miles from Warsaw, the Russian official communiqué said today. The statement indicated that the Polish capital was still threatened on the east, north and northwest.

AUTOS KILL 1 PERSON EVERY 35 MINUTE

ATLANTIC CITY, N. J., Aug. 18.—A person is killed by an automobile every thirty-five minutes and the menace is constantly increasing according to the executive committee of the National Safety Council in convention here.

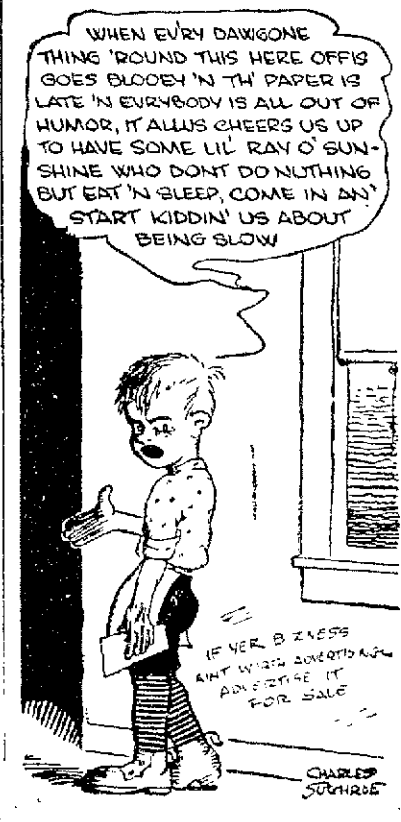

S. J. Williams, secretary of Chicago reported that in this country three times as many persons are killed by motor accidents as in all the factories, mines and railroads and other industries. Reports from England show that airplanes there carried 75,000 persons during the past year with very few accidents and but one fatality.

It is estimated there will be 10,000,000 automobiles in this country by the end of 1920.

COURT NOTES

A. M. Liveright, Esq., began ejectment proceedings yesterday on behalf of Henry B. Swoope who claims ownership of a 150-acre tract of coal land in Decatur township, now in the possession of and being operated by Geo. Voyzey, James Twist, H. B. Scott and Rem. Dan-more.

MICKIE SAYS:

PUBLIC HEALTH NURSE PLAN GIVEN BOOST

Enthusiastic Meeting Held Yesterday at Which All Sections Were Represented

WOULD BE VERY BENEFICIAL

At the request and by direction of State Commissioner of Health Martin a meeting was held at The Dime-Lincoln Hotel yesterday afternoon for the purpose of stimulating and strengthening the movement for a county public health nursing service or Clearfield county. Ever since the first of the year the matter of a public health nursing service for our county has been occupying the attention of County Medical Director Dr. John W. Gordon, the different organizations of women throughout the county, the local chapter of the American Red Cross, school authorities, ministers and business men of the county.

The importance of such service and its absolute necessity was brought home to our people following the experiences incident to the physical examination of young men for service during the war. It was found then that the rural community was suffering from a lack of intelligent public health regulation and attention and it is to remedy such condition that this public health nursing service has been launched throughout the county.

The plans for Clearfield county have been worked out under the careful direction of Dr. Gordon and Mrs. George B. Reed of Clearfield, with their assistants throughout the county and yesterday's meeting was called for the purpose of giving the movement the proper start or introduction.

Dr. Miller, of the State Health Department, was expected to be present, but unfortunately was unable to come. Dr. Gordon opened the meeting and after a brief introductory talk announced that Miss Wentzel would explain the service to the gathering. Miss Wentzel's very capable explanation, in part, will appear in Monday's Progress.

It is the purpose to start off in Clearfield county with three nurses. The nurses will be located at Clearfield, Mahaffey and Houtzdale, those places being the central points of the respective sub-divisions.

The following persons were present:

Minnie M. Caldwell, Burnside; Mrs. A. H. Woodward, Clearfield; Mary A. Swoope, Curwensville; Mrs. W. C. Browne, Burnside; Mrs. Richard Gilbert, Clearfield; Helene A. Hurley, Clearfield; Susan M. Dunmore, DuBois; Mrs. R. H. Sommerville, Winburne; Amelia Kolbe, Clearfield; Mrs. John Martin, Clearfield; Miss LaRue Chappening, Clearfield; Rebecca Sunderland, McGees Mills; Mary A. Rothrock, Clearfield; May Witherson, Clearfield, Pa.; Miss Wentzel; Mrs. R. H. Mawhinney; Mrs. G. R. Bigler; Charles T. Kurtz; Frederick B. Kerr; H. S. Whiteman, Jr.; J. D. Connolly; A. P. Bigler; W. ANOTHER TIE GAME PLAYED YESTERDAY

So Mt. Union and Clearfield Must Battle Again To Decide Which is Best Team

LOCALS PLAYED IN FINE FORM

"He who fights and runs away may live to fight another day," thus soliloquized both Managers Cassidy and Lytle at the end of the ninth inning of yesterday afternoon's game. Mt. Union couldn't lick us and darned if we could lick the brick slingers.

The entente cordiale having been restored between our ball tossers and the representatives of Huntingdon county's brick town the two teams came together at the park with blood in their eyes and put up a royal battle until the last man for our side was retired in the ninth with every base occupied by an anxious runner and the score tied at 3 each. The game was called to allow Mt. Union to catch the 6:28 P. R. E. train for home.

Alexander pitched for the home team and twirled a fine game. Up to the sixth inning he had yielded but two hits, Captain Adams securing them both. In the sixth Fox was out Martin to Yates. Myers singled. Shuttleworth walked and was caught between first and second and run down. Adams poled a slashing single into right and Myers and Dougherty scored.

In the eighth Alex walked Fox. Myers' bunt was neatly fielded by Yates, but Shuttleworth singled and Fox scored.

Howard was almost equally effective for the visitors. Clearfield scored two in the third. Alex went to first on a missed third strike and hits by Strauss and Martin showed two runs over.

In the sixth Howard walked Yapp and successive singles by Hicks and Robinson scored him.

That ended the scoring for our side, although we filled the bases in the ninth, but were unable to put the winning run over.

Our old friend Dick Lantz saved the game in the ninth on a circus catch of a Texas leaguer into right field, his second catch of the kind at a critical point in the game. Dick made a desperate try for the ball and when he did get it fell down and rolled over but came up with the ball in his fist.

The score:

CHICAGO, Aug. 21.—Eleven cent sugar for New Year's was the prediction today of R. J. Pool, secretary of the City Council's High Cost of Living Committee. He advised housewives not to purchase any more sugar than they need as the price would soon dwindle.

WILL ATTEND PUNXSAY FAIR ON THURSDAY

Plans are being made whereby next Thursday is to be made Clearfield Day at the Punxsy Fair. It is the idea of the promoters of the day that everyone who is going to attend the Punxsy Fair plan to attend on Thursday. It is also intended to get as many of the various superintendents of departments of the Clearfield Fair to attend and in seeing how the other fellow does it, gather some ideas for the betterment of the local agricultural fair.

The Clearfield delegation is asked to get in touch with some of the executive committee of our fair so that they may be furnished with some little insignia showing that they come from Clearfield.

BASEBALL SCHEDULE FOR NEXT WEEK

Baseball with a vengeance will be the program of the C. C. A. A. next week, the schedule being complete and every day full. Today the local team plays at Huntingdon. Following is the schedule for next week:

Monday: At home. Sterling here. The Sterling team has been wiping up everything in its territory this year and have for some time insisted on having a try at the "big fellows."

Tuesday: At Philipburg.
Wednesday: Brookville here.
Thursday: Kane here.
Friday: Philipburg here.
Saturday: At Brookville.

Miller & Hartwick asked for an injunction on behalf of the United Traction Street Railway Company of DuBois against the State Highway Department restraining the department from removing the company's trolley poles from along the new State road in Sandy township. A rule to show cause was granted returnable Aug. 27th.

Mrs. W. E. Phillips entertained the Inter-Se Sewing Club at her home on Fourth street Thursday afternoon in the form of a porch party. The porch was artistically decorated with flowers and Japanese lanterns. Mrs. W. E. Smith of Altoona who has been the house guest of Mrs. Phillips for the past week was the guest of honor. An excellent lunch was served.

Mrs. William Marden, who was called away by the sudden death of her sister, Mrs. Husted, of Spangler, returned home Thursday. Mrs. Husted was taken very ill and was rushed to the hospital, where an operation was necessary, but in a few hours death came. Mrs. Marden had just returned after spending three weeks visit with them, leaving her apparently in good health when she received the news three days later.

CONDITIONS AT HOSPITAL NOT AT ALL RIGHT

Survey Indicates They Must Be Corrected In Order To Take Care Of People

NOT NEARLY LARGE ENOUGH

Young nurses sleeping three in a small room!

Wards literally packed with the sick, the mangled, and the crippled, comparatively no space intervening between cots!

Even ill-suited basement floors improvised as wards in effort to relieve crowded conditions!

Authorities often obliged to refuse admittance to applicants dangerously ill or wounded! Waiting lists growing rather than diminishing!

These are but a few of the actual conditions today in the Clearfield Hospital which handles not less than 60 per cent. of all hospital work in Clearfield county. Such conditions have existed for months, but have steadily been growing worse. Accordingly, announcement was made today (August 21) of a campaign for \$200,000 in behalf of the hospital, launched by public-spirited citizens of Clearfield and fostered by prominent residents throughout the county.

The fund is to be for maintenance, endowment and building purposes "in order that the health of men, women and children in Clearfield county may no longer face the menace of inadequate hospital service."

Leaders in all walks of life, including many of the most influential business, industrial, professional and financial forces of the city and county, are backing the campaign, and already have promised their hearty co-operation in pushing it to a successful conclusion. The campaign executives hope to enlist the co-operation of the more prominent editors and newspapermen of the county in bringing the present condition and needs of the hospital to the attention of the public.

Henry Boardman Powell, president of the County National Bank, of Clearfield and president of the hospital, who was district chairman of the Liberty Loan campaign, has been selected as general chairman of the Hospital Campaign.

A campaign executive committee of 15 has been appointed as follows:

From Clearfield
A. Wright Bigler, manager Clearfield Culleries Company, and of Potter, Bigler & Potter, who headed the district draft board; chairman.

George R. Bigler, attorney, President Clearfield Brick Manufacturing Company, Vice President Clearfield Trust Company, and Treasurer of the Hospital; treasurer.

Harry Boulton, of Reed, Boulton & Forsyth, attorneys.

John C. Forsythe, of Reed, Boulton & Forsythe.

Colonel Frederick B. Kerr, General Manager Potts Run Coal Company.

Charles T. Kurtz, President Kurtz Bros., Inc., manufacturing stationers and proprietor Clearfield Storage Company.

Adolph E. Leitzinger, Senior Partner; Leitzinger Bros. Department store.

Alfred B. Reed, retired.

G. Webb Shillingford, Secretary-Treasurer Empire Coal Mining Company.

Good Building Requires Good Lumber

THE cost of construction today does not permit of anything but the best building materials.

Time only too soon shows the wisdom of preference in grades and qualities.

Lumber products and related building materials that could command attention because of uniform high quality are chosen and stocked in our yards.

To be sure of good building, use good lumber.

Edward had an uncle who owned a grocery and market. On Saturdays it was Edward's delight to go there to help. A neighbor chanced in, and finding Edward there, she thought she would find out how much the little fellow knew about business and said: "Ed, have you chickens today?" The youngster's reply was: "Yes, we have all kinds, alive, dead, dressed and undressed."

Petty Coat.
This was the former spelling of petticoat, which meant the little or short coat worn in other days by men. Henry V. had a "petty coat" of red damask with open sleeves. Afterward the fashion, with skirt variations, was imitated by women, who copied the gown, robe, frock, and blouse, which were all worn in the first place by men.

Never before did I realize just how charming electrical things look until yesterday. I went into a few of the larger homes in town, where decoration and good looks are very essential in dining room, bed room and kitchen. And my, how beautiful the modern electrical devices harmonized with the handsome furniture! Of course, I've always known electrical things beautified a home. Now I am convinced that every home should be electrified—from attic to cellar.

MONDAY D. D. Griffith's "The Greatest Thing in Life"

The greatest thing in life, that which is responsible for flowering the earth with children, is love—human love. Love is above the animal instinct, beautifying and enriching it in a thousand ways, one of these being the idealism of womanhood, and the illusions of man. He must have his illusions, or he refuses to love, quits when they are destroyed, while she, the world mother, loves on in spite of losing them. Such is the theme of Griffith's story, and in all truth, we say that never has he done anything greater with the possible exception of "Broken Blossoms." Lillian Gish and Robert Harron head a wonderful cast.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning. To flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as cold, when it burns, causes a rebound, a large amount of inflammatory material in the form of acids, so the food and drink taken over by the alimentary organs a certain amount of indigestible material which if not eliminated forms toxins and poisons which are then soaked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy blood in your cheeks, to see your skin get clear and clearer you are told to drink every morning, upon arising, a glass of hot water with a teaspoonful of Chamberlain's Tablets in it, which is a harmless means of washing the intestines and forcing the bowels to move. Women who desire to enjoy the beauty of their complexion should try this for a week and notice results.

mentary tract, before putting more food into the stomach. Stomach and bowels with sallow skins, liver spots, pimples or pallid complexion. Also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with indigestion, sour spots and stomach or constipation should begin this physical hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of Chamberlain's Tablets costs very little at the drug store but is sufficient to demonstrate that it is just as good as hot water cleanses the bowels and freshens the skin on the outside, so that you can see the glow of healthy blood in your cheeks, to see your skin get clear and clearer you are told to drink every morning, upon arising, a glass of hot water with a teaspoonful of Chamberlain's Tablets in it, which is a harmless means of washing the intestines and forcing the bowels to move. What Appealed to Robert.
 His father wasn't anxious to have Robert play with a cotton machine in the neighborhood whose language wasn't always proper, so he said "Robert seems to me that boy always has a dirty face, if I were you I'd play with someone else that is cleaner." To which Robert responded "Why, daddy I don't need to look at his face—but he's got the best legs on the ball team!"

By a King's Decree.
 Up to 1785 handkerchiefs were of every conceivable size and shape. Then one evening Queen Marie Antoinette in a fit of passion or indignation at Versailles said that all handkerchiefs should be uniform if they were to indicate good taste. The result was that Louis XVI issued a decree early in 1785 that all pocket handkerchiefs should have right angle edges. So right angle they are and have been ever since—The American Dumb-broeder.

CURWENSVILLE

It is being quietly talked around that an effort will be made soon to incorporate into the borough limits the Crescent brick yard and considerable territory surrounding it. While this would be a great help to Curwensville borough from the point of taxation and largely increase the school fund, we do not believe for a minute that the citizens of Pike township will acquiesce to the movement and will protest to any change being made, as the school taxes received by the township for the Crescent holdings, as well as largely in keeping the school expenses of the township on a level basis. This subject has been talked of before, but when it was learned that the township residents would fight it tooth and nail it dropped. If there was an equalization of assessed valuation on town properties now within the borough limits, there would be no need to take in any more territory, as the borough limits are too large as it is to the proportion of taxes derived from holdings on the outskirts. If some of the farm land within the borough limits was assessed in proportion to town's want lots, it would have a tendency to lower the present number of mills assessed considerably. High taxation is the greatest main-spring that keeps a town down and out, commercially speaking. Someone has said that "the greater a town's debt the greater its prosperity and influence." We do not conceive that this argument holds good in villages the size of Curwensville.

campaign. The committee will meet soon to elect its vice-chairman and secretary.

Howard B. Hartwick, of Miller & Hartwick, Clearfield lawyers, has been appointed chairman of the advisory committee.

Preceding the actual fund drive, an extensive campaign of advertising in newspapers throughout the county and by posters and otherwise, is to be conducted under the supervision of business and financial committees.

Campaign headquarters have been established in Rooms 7 and 8, Murray building, Clearfield, where the preliminary work of clay and county organization is now under way. Various committees are yet to be appointed, including ladies' auxiliaries.

FARM CALENDAR

Watch for moth in stored wheat. Thrash the grain early to avoid injury in the stack or mow. If grain begins to heat in the bin, fumigate at once with carbon bisulphide. Use one pint of material to 100 bushels of grain.

Grain.—Sweet corn is at its best when rushed from the stalk to the table. At all events, it must not be left to heat in baskets or bags. Keep it cool.

Pasture.—Second growth of meadows may be used for pasture to keep up the milk flow. Do not pasture too closely.

Poultry.—During hot weather, pests of various kinds are often found in the hen-houses. For lice use sodium borate or blue ointment around the affected parts. For mites, paint the roosts and nests with crude oil. Coal oil will answer the purpose and may well be applied every three weeks during the summer and fall months.

Silo.—It is during the hot, dry days of August that the wood silo staves very often dry out and the structure becomes loose and shaky. See that the hoops and guy wires are made tight so as to make the silo firm and rigid and lessen the possibility of its being blown down.

Flies are usually very bad at this time. Young calves and colts should be kept in the barn during the day and out on the pasture at night. A mixture of two parts talc and one part sodium fluoride dusted on the animal is a very good repellent. It should be obtained for about ten cents a pound.

Bad Jones spent yesterday with friends in Kylertown.

Dr. S. J. Waterworth and daughters Margaret and Katherine have returned from a motor trip to Huntingdon.

Paul Lingie spent last evening with friends here.

Roy Rich who has been attending school in Detroit, Mich., has returned to his home.

Mrs. Robert Youngman of Pittsburgh is spending a few days with her mother Mr. E. A. Bigler on South Second street.

Sage Tea Turns Gray Hair Dark

It's Grandmother's recipe to bring color, lustre and youthfulness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.
